Community psycho-social processing and debriefing, including indigenous rituals has kicked off in Mountain Province and parts of Benguet. As of this writing, the second batch of relief goods for 100 families and food for work were delivered to the very isolated community of Labey, Bokod via Kilometer 21 in Tublay municipality. 150 families were given relief goods in Boklaoan, Kapangan earlier this week. The Brigade is will continue conducting relief missions, medical missions, and support in the rehabilitation and reconstruction of houses, irrigation canals and rice fields. At the same time, it will conduct psycho-social processing for the victimized communities and information campaign on disaster preparedness, disaster management and climate change.

On behalf of the families who have benefited from the relief goods, clearing operations in Baguio and Benguet, and the rescue and retrieval operations in Tadian, Mountain Province, Serve the People Brigade, Cordillera Peoples Alliance and the Center for Development Programs in the Cordillera sincerely thanks:
